Subject: Supplemental Nutrition Assistance Program Nutrition Education (SNAP-Ed) Policy, Systems, and Environmental Change Initiative Data Toolkit

To: All SNAP State Agencies
All Regions

The Food and Nutrition Service (FNS) is pleased to announce the release of the [SNAP-Ed Policy, Systems, and Environmental Change Initiative Data Toolkit](#) (SNAP-Ed PSE Data Toolkit). FNS developed this toolkit in consultation with a technical advisory group of State and implementing agencies.

FNS encourages SNAP-Ed agencies to use this toolkit as they consider how to maximize their PSE initiatives. The toolkit is intended to help SNAP-Ed agencies make data-informed decisions in planning PSE initiatives, meet program reporting requirements, and disseminate results. The toolkit includes suggestions for incorporating input from potential PSE collaborators, including community members and partner organizations. The toolkit is also aligned with the National Program Evaluation and Reporting System (N-PEARS) and provides suggestions for how agencies can collect required data on PSE initiatives.

State agencies with questions about the toolkit should contact their respective SNAP-Ed Regional Coordinator. FNS also encourages State agencies to offer feedback and suggestions on the toolkit to their SNAP-Ed Regional Coordinators, as FNS will use this information to support future updates of the toolkit.

Sincerely,

RACHEL FRISK
