...to Help You Eat at Least 3½ Cups of Fruits and Vegetables Every Day

- Buy fresh fruits and vegetables in season when they may be less expensive and at their peak flavor.

- Buy fruits that are dried, frozen, and canned (in water or juice) as well as fresh, so that you always have a supply on hand.

- Dried fruits make a great snack. They are easy to carry and store well.

- For dessert, have baked apples, pears, or a fruit salad.

- Try a fruit smoothie – mix bananas, peaches, strawberries, or other berries with low-fat or fat-free yogurt.

- Stock up on frozen vegetables for quick and easy cooking in the microwave.

- Fruits and vegetables taste great with a dip or dressing. Carrot and celery sticks are traditional, but consider broccoli florettes, cucumber slices, red or green pepper strips, or apples.

- Salads are an easy way to get your vegetables. Include a green salad with your dinner every night. Or try a main dish salad for lunch.
