10. I spy a fruit that is yellow.
11. I spy a fruit that is red and is sometimes called a vegetable.
12. What is your favorite fruit or vegetable?

Check out Your Treasure!

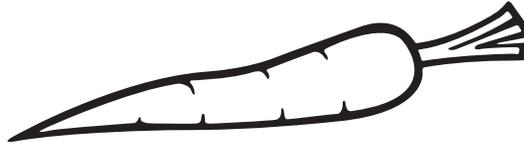

Now that you've found the treasure, it's time to check it out! Color each fruit or vegetable. Then, circle the word that best describes how it looks, feels or tastes.

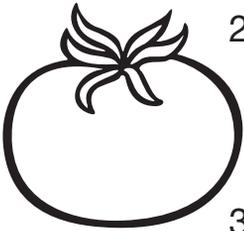

Ahoy!

Always wash fruits and vegetables before you eat them.

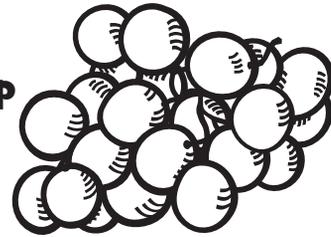

1. Carrots feel: **rough** or **smooth**
and taste: **sweet** or **bitter**

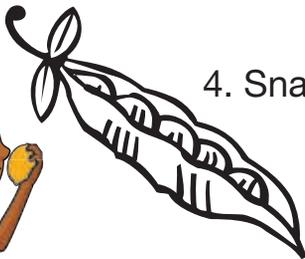

2. Tomatoes look: **red** or **green**
and feel: **hard** or **squishy**

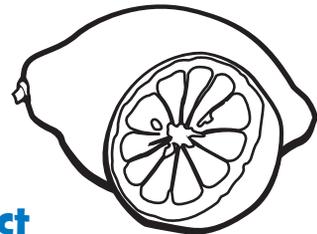

3. Grapes feel: **smooth** or **sharp**
and taste: **sweet** or **salty**

4. Snap peas feel: **prickly** or **smooth**
and look: **green** or **yellow**

5. Lemons look: **green** or **yellow**
and taste: **sour** or **sweet**

Fun Treasure Fact

Dark lettuce leaves (like romaine and spinach) have more nutrients than lighter color leaves.

From Farm to Plate!

Where do fruits and vegetables come from?
And how do they get to our plate? Help Jack and Gabby find the many ways fruits and vegetables get from the farm to the food on our plates!

Fun Treasure Fact

More than half of the country's fruits, vegetables and nuts are grown in California.

Parents, you're the captain!

The grocery store is a place where you can help teach your kids about food and nutrition.

Here are a few "smart-shopping" tips for fruits and vegetables:

- Buy fresh vegetables that are in season. They are easy to get and have more flavor.
- Plan your meals ahead of time and ask your kids to help make a grocery list. You will save money by buying only what you need.
- Try canned or frozen fruits and vegetables.

You can find many healthy recipes with fruits and vegetables in the *Kids Get Cookin'!* cookbook. For more healthy tips and recipes, visit CaChampionsForChange.net.
